

Giada Unger

FRONTEND STUDENT

PROFILE

I am a determined and thorough girl. My main qualities are patience and caring. My current interests are health, working out in the gym and programming.

WORK EXPERIENCE

2022 | TECHNICAL SUPPORT | 46ELKS

While I interned at 46elks, I also worked part-time. My main tasks were to call and welcome new customers and receive support calls and emails where I mostly answered questions about the company's API, but also solved any problems that customers encountered with the API.

During this time I developed my ability to solve various problems with creative solutions.

2022 | FRONTEND DEVELOPER - INTERNSHIP | 46ELKS

During these two months I interned at 46elks, my main task was to design their new internal platform. The platform would be used to preserve job-related documents and information.

During my internship, I practiced my problem-solving and my ability to search for different answers and solutions to the problems that I encountered.

2019 | VOLUNTEER WORK | WOMEN IN TECH

On March 8, I volunteered for Women in tech (WIT). My main task was to welcome all speakers and guests and ensure everyone got their name tags. In addition, I got to listen to inspiring speeches and network with the guests. It was on this day that my interest in technology and programming grew.

2018-2022 | CASHIER MANAGER | COOP VÄSTBERGA

During the years I have worked at Coop as a cashier manager, I have developed my social skills, learned to act under pressure and I have improved my role as a leader.
